### What's in Bloom?

Annually, our community gathers together at the White Rose Luncheon to celebrate survivors of domestic violence and to recognize survivors who have exhibited exemplary bravery and strength of spirit. This year's theme, "Living a Life with Honor" will highlight our keynote speaker for the luncheon, Sayeh Rivazfar, a survivor of domestic violence. Sayeh survived mental and physical abuse at the hands of her biological mother and was kidnapped from her home in Escambia County. The 2018 White Rose Luncheon will commence at 11:30 am on May 17th at the Sanders Beach Community Center in Pensacola. If you would like to be a sponsor email Susan at [susan@favorhouse.org](mailto:susan@favorhouse.org).

### Spring into it!

Our Primary Prevention Program is on the move! We have completed two rounds of Safe Date/Healthy Relationships class with Camelot Academy. We are also involved with prevention work with the middle schools in Escambia County. The goal is to promote healthy positive relationships starting with our youth!
