Donna Bukevicz, President
Team Green World
332 W. Lee Highway, #248
Warrenton, VA 20186

Dear Donna,

Thank you for your enthusiastic partnership with Fauquier Habitat for Humanity and our Warrenton ReStore. We are eagerly anticipating Team Green World's fun-filled program for families at our First Annual Earth Day Celebration on April 26.

We appreciate the time you have spent with us and "behind the scenes" planning, designing flyers, and actively promoting the event. You've inspired us each week with the progress of TGW's Youth Ambassadors who are clearly enjoying their preparations for the upcoming TGW events.

We believe Fauquier Habitat and Team Green World are perfect partners on many levels:

- Environment – Habitat supports environmentally friendly construction, including recycling materials at our ReStore, and TGW teaches everyone to "Think Ecologically"
- Community – Both organizations provide no- or low-cost services to our local community
- Hope – Habitat's building program and TGW's youth mentor program provide hope and a brighter future for families

We have enjoyed working with you to change lives in our community. You are truly a blessing.

My best,

A handwritten signature in black ink that reads "Sheri L Thorpe".
