

Public Meeting #2 January 19, 2018 KEY WEST INTERNATIONAL AIRPORT

The Monroe County Department of Airports is currently undergoing an Airport Master Plan Update for Key West International Airport. This update will guide the future development of the Airport. The project will assess aviation facility and infrastructure needs in order to optimize existing facilities and resources in an operationally, financially and environmentally sustainable manner.

The master plan process is designed as an inclusive process that encourages citizen participation. There will be public workshops held throughout the course of the Master Plan Update to provide the public the opportunity to comment on the study and its findings. Monroe County will be hosting the second Public Meeting in an open house format on January 19, 2018 at 3:00 PM until 5:00 PM at the Harvey Government Center.

Meeting Location: 1200 Truman Avenue, 2nd Floor, Key West, FL 33040
